

Clicker Question

What is matter?

- A). It is all stuff that takes up volume
- B). It is made of quarks
- C). It is made of leptons and baryons**
- D). It is made of energy
- E). Photons

Clicker Question

What is mass?

- A). It is the interaction of matter with the Higgs field**
- B). It is the speed of light squared
- C). It is made of photons
- D). It is made of only leptons
- E). It is made of only baryons

Clicker Question

How many families of baryons or leptons are there in nature?

- A). 1
- B). 2
- C). 3
